

Location: Hanover, NH

Town of Hanover

Upper Valley High School Trail Corps
Tuck School of Business – Tuck Builds

Project Overview: UVTA completed improvements to the heavily used River Trail in Hanover, NH.

Accomplishments:

- Construction of wooden stairs in the steep and heavy eroded terrain from Maple Street.
- Installation of 200+ feet of wooden retaining wall to mitigation trail collapsing into Connecticut River.
- Widening of corridor and tread in worst areas in danger of being destroyed by flooding.

Total Costs: ~\$1000 (including material)
