

Date: 2021

Location: Hanover, NH

Project Partners:

Hanover Trails Committee

Trescott Company

Hanover High School

Project Overview:

UVTA has worked extensively in Trescott Water Supply Lands each year for the last six years. This includes everything from maintenance to construction of new trails and infrastructure.

2021 Accomplishments:

- Construction of over 200' of bridges in various locations in the property.
- Construction of two new trails totaling over a mile.
- Maintenance of trails including drainage, brushing, and blazing.

Total Costs: ~\$4000
