

Date: October 2023

Location: Hanover, NH

Project Partners:

UVTA

Hanover Trails Committee

Town of Hanover

Project Overview:

UVTA constructed a structure and trail segment to reroute a section of the River Trail which has collapsed into the Connecticut River.

Accomplishments:

- Construction of a 50'x3' retaining wall.
- Construction of a set of cribbed stairs.
- Trail reroute bypassing collapsed section of the River Trail.
- Erosion mitigation and closure of collapsed section.

Total Costs: ~\$3,000
