

Date: 2022

Location: Lyme, NH

Project Partners:

Upper Valley High School Trail Corps
Private Landowners of Stonehouse Farm Network

Project Overview:

Improved drainage issues in the Stonehouse Farm Trail Network by installing culverts, crushed stone, and drainage installation.

Accomplishments:

- Constructed drainages.
- Installed multiple culverts.
- Cleared and brushed overgrown trails.
- Laid many tons of crushed stone to provide a firm trail surface.

Total Costs: ~\$2,000
